b. District & Ward and County Members Reports:

District & Ward Cllr Richard Stephenson attended the meeting and gave his report as follows:

Council Tax and District Council Budget

Lichfield District Council has now set its budget for 2026–27, with Council Tax increasing by 1.99%, about 8p per week for a band D council tax payer. This is in contrast to the 3.99% increase from Staffordshire County Council despite promised to reduce spending. This has been achieved by LDC while keeping the budget in balance and continuing to invest in a wide range of local priorities and major projects. All three ward Councillors supported the budget.

These include the cinema complex (£7.4 million), paddle tennis in Beacon Park, and £1.4 million for community projects across the district. Significant allocations include £500,000 for a new community centre at Streethay, £200,000 for Chasetown Football Club, £150,000 for Burntwood Rugby Club, £99,454 for a play area in Fazeley, £80,000 for Burntwood Dragons FC, and £75,000 for South

Staffordshire College to support creative opportunities for young people. There will also be a major initiative to improve shop frontages in the historic city centre, with wider benefits extending across the district.

LDC's share remains only a small part of the overall council tax bill, with Staffordshire County Council accounting for by far the largest element. It is therefore disappointing that, despite previous promises to cut costs and find efficiencies, the county council has increased its tax by 3.99% — the maximum permitted by government — while also reducing services. The deteriorating quality of our roads is a visible witness to the decline in the operation of the County Council.

Against that background, it was particularly pleasing that Lichfield District Council has won the annual Best Local Authority award, as judged by IESE, an independent not-for-profit organisation dedicated to improving local services.

Cinema Project

Work on the cinema project has now been novated, together with all subcontractors, to a new main contractor, and physical work has recommenced on site. There will be some delay to final completion; however, officers remain confident that the facility will still be handed over to the principal tenants — Everyman and The Botanist — before December this year, after which they will complete their fit-out. At its meeting last Monday, the Planning Committee also approved some modest design changes to improve the exterior appearance of the building and bicycle storage provision.

HS2 and A38 Closure

Last Monday I attended a meeting with HS2 alongside Cllr Richard Cox of Armitage and Handsacre. As many residents will already know, the A38 will be closed for a total of 11 days from 27 March over the Easter period.

It is difficult to place a positive interpretation on the disruption that is likely to follow, but the following mitigation measures have been outlined:

- Signage on major roads, reportedly as far away as Dover, warning motorists of the A38 closure and advising alternative routes.
- Reprogramming of all Sat Navs to direct traffic away from the A38
- A major diversion for southbound traffic at Derby via the A50 and M42.
- A major diversion for northbound traffic towards Tamworth via the M42, East Midlands Airport, A50 and then back to the A38.

Traffic travelling north which has not already diverted will be routed through Lichfield and then returned to the A38 via Wood Lane and Hilliard's Cross, with southbound traffic using the reverse pattern.

I remain very pessimistic about the likely impact of this, but HS2 made it very clear that the closure will proceed regardless of local concern.

Local Plan

Lichfield District Council hopes to have its new Local Plan ready for public consultation within the next couple of months.

The change imposed by central government in housing targets — from approximately 250 new homes per year to around 750 per year — will create immense pressure for development across the district. At present, the council has only around three and a half years of housing land supply in the pipeline; before the recent change to the National Planning Policy Framework, that figure stood at around nine years. The council's preferred strategic approach remains the creation of a new settlement within the district rather than the continued piecemeal enlargement of existing villages. Cllr Cross and I submitted a joint response to the councillor consultation prior to Christmas

There is also increasing concern about the new "grey belt" concept. In practice, this appears to be interpreted by planning inspectors as meaning land developers wish to build on, provided it does not physically merge two historic settlements. Residents will understand why many people feel that long-standing green belt protections are being steadily weakened.

Council Committees

Following the Armitage by-election there has been a small reshuffle of committee appointments. I have now been appointed to the Audit Committee in addition to continuing on the Planning Committee, which Cllr. Cross remains Vice Chairman of.

Local Fradley LDC Matters

Horner's Avenue.

Cllr Cross has remained very active on the alternate route into the Horner Avenue, we remain of the opinion that this is an important mitigation and vital for local residents living on Horner Avenue / Common Lane / Worthington Road. We have lobbied to ensure that *should* officers reject this new entrance that it is brought to committee and have received written assurance on this point.

St Stephen's School Playing Field.

We have received a fairly justified complaint from a grandparent of a child at the school regarding the continued failure of the section 106 agreement being delivered. Cllr Cross has pursued the developers and received an explanation that last minute legal obstacles are being dealt with and the playing fields will be opened to the school in the near future. We will remain vigilant.

Rats in Fletcher Drive

LDC enforcement have made two visits to site, identified the site of the nests and are requiring the developers to eradicate the unwelcome rodents. They are actively following up on this.

Illegally parked van in Jackman Drive.

A resident has complained about an untaxed white van parked on the pavement forcing her disabled husband is his wheelchair onto road for several months.

LDC enforcement have visited the driver and advised him regarding illegal parking. The driver stated that he was waiting for the van to be taken in for repairs which he said would be in the next few days.

Common Lane Lorry parking.

Following a resident complaint Cllr Cross suggested setting up a meeting along with the PCSO at the site. The clerk has arranged this for Monday 23rd March. I have contacted LDC environment officer who is trying to get some OOHs enforcement. C Cllr Holland has been in touch with SCC regarding this issue, which is all the more frustrating since there is parking provision for the lorries both on site and off Gorse Lane.

CEMEX

It was reported that Councillor Stephenson and Councillor Mike Ashcroft attended the half yearly CEMEX liaison meeting on the morning of the Parish Council meeting.

Members were advised that an application to permanently extend working hours is due to be considered on 2 April at Staffordshire County Council's planning committee meeting. The Clerk at Alrewas has received an invitation and will submit representations on behalf of their Parish Council.

The Council was further advised that, subject to approval of this application, CEMEX intends to submit an application to extend the operational life of the quarry. The site was originally due to cease operations in August next year, however delays to HS2 Ltd are expected to result in an application for an extension of approximately five years.

It was also noted that, due to current commercial viability concerns associated with the pause in HS2 works, the company is expected to apply to remove the restriction limiting supply to HS2, thereby allowing supply to a wider market. In addition, a further application is anticipated to extend the site area, similar to previous proposals involving Tarmac.

Councillor Stephenson confirmed that he will continue to keep the Parish Council informed.

District & Ward Cllr Derick Cross attended the meeting and gave his report as follows:

District and Ward Councillor Cross reported that the anticipated £118,000 developer S106 contribution has not yet been received, as the relevant trigger points have not been met due to slower than expected

house sales. It is currently anticipated that these trigger points will be reached between January and April next year.

It was noted that a separate contribution of £184,000 has been received and allocated to the Parish Council for the play area upgrade. However, the remaining £118,000 previously earmarked for the church project will be delayed.

Councillor Cross outlined a proposal, subject to agreement from the other District and Ward Councillors and funds becoming available, that the £118,000 contribution be paid directly to the Parish Council and then allocated as follows, £88,000 towards the church project, with the remaining balance to support other local projects, including the Fradley Youth and Community Centre fire escape route and Parish Council fence upgrades. It was noted that this approach could remove the need to appoint an external project management company. Approval from all District and Ward Councillors is required before this proposal can proceed.

Councillor Cross also informed Members of the passing of Matt Gallagher of Greenlight Developments, who had previously worked with the Parish Council in relation to the Horner Avenue planning application. It was noted that, following a fall and subsequently a diagnosis of Motor Neurone Disease, he had undertaken significant fundraising efforts, raising over £3.6 million. Members expressed their condolences to his family.

County Cllr Richrd Holland attended the meeting and gave his report as follows:

County Councillor Richard Holland provided his report. He reiterated the updates given by Councillor Stephenson in relation to Council Tax and the planned A38 closure.

Members were advised that Staffordshire County Council held a Full Council meeting the previous Thursday at which a new Leader was not appointed. An extraordinary meeting has been scheduled for the following Thursday, where it is anticipated that the current Acting Leader, Martin Murray, will be elected as Leader of the County Council. Councillor Holland expressed concerns regarding the conduct of meetings, stating that opportunities for member input were limited.

Councillor Holland reported on an informal meeting held with Councillor Cross and the Clerk of the Parish Council to discuss highways issues in Fradley, including potholes and ongoing concerns regarding lorry movements on Common Lane. He confirmed that he has engaged with the Highways Department to seek support and will attend a further meeting on site.

Members discussed the issue of lorry management at the depot. It was suggested that inefficiencies in vehicle booking systems may be contributing to delays, however it was noted that time slot systems are in place and that non compliance by drivers remains a key issue. It was agreed that this is a matter for the operator to manage.

Councillor Cross reiterated the potential for additional double yellow lines at the end of Common Lane near the depot. It was noted that this would assist enforcement in relation to parked vehicles, although it would not address queuing traffic. Councillor Holland agreed to explore the possibility of extending restrictions closer to the depot entrance to prevent overnight parking and obstruction.

Members noted a request from a resident for improved "No HGV" signage on Fradley Lane and clarification regarding enforcement during the forthcoming A38 closure. Councillor Stephenson advised that mitigation measures are expected to be in place to prevent vehicles diverting from authorised routes.

In respect of the Cemex planning application. Councillor Holland confirmed that, as a member of the County Council Planning Committee, he is available to support the Parish Council in relation to any planning objections. It was noted that Fradley and Alrewas Parish Councils have previously submitted objections to the relevant application, which seeks to allow variation of working conditions without the need for a full planning application.

Councillor Crompton left the meeting.

Councillors Holland, Stephenson and Cross then left the meeting.

25/120 – Variation to the Order of Business.

There were no variations to the order of business.

25/121 –To confirm the minutes of the Fradley Parish Council meeting held on 17th February 2026.

RESOLVED: The draft minutes of the Fradley Parish Council Meeting held on 17th February 2026 were approved and signed as a true and accurate record.

Members considered the use of Civic.ly as an asset management system.

RESOLVED: That Civic.ly be adopted by Full Council. AGREED: Unanimously.

wg25/69 – Defibrillators, Telephone Box and Notice Board

Members discussed the defibrillator currently located at the Old Post Office. It was agreed that further research is required regarding ownership, maintenance responsibilities, and any permissions necessary for relocation. A potential new location at Fradley Marina was supported in principle. It was further agreed that the expiry dates of all defibrillator units should be checked and that future financial planning should include provision for the replacement of units when required.

A suggested location of relocating the Parish Council notice board to the green open space at Statfold Lane as discussed and members agreed this would be a good suitable location.

In relation to the telephone box, the Working Group discussed several potential options for its future and recommended that consideration be given to one of the following:

- a) sale privately to a local resident;
- b) relocation and refurbishment elsewhere within the village, funded through community crowdfunding;
- c) sale by public auction.

Members suggested that the Clerk contact the Internal Auditor to seek advice on how the disposal or transfer of the asset should be recorded for audit purposes, and that Staffordshire Parish Councils Association (SPCA) also be consulted to confirm the correct procedure.

RESOLVED: Members agreed that the Parish Council notice board, formerly located at the Old Post Office, be relocated to the green open space at Statfold Lane.

AGREED: Unanimously.

RESOLVED: Members agreed, subject to advice from the Internal Auditor and SPCA, that the telephone kiosk be sold and removed from its current location as soon as practicable, in accordance with the request of the new property owners.

AGREED: Unanimously.

wg25/70 – Wildflower Garden and Bee Orchids

Members reviewed the wildflower garden and agreed that the area be returned to grass, with JR Landscaping instructed to remove stakes, mow and reseed.

RESOLVED: That no wildflower seed will be purchased this year. AGREED: Unanimously.

David Leytham to liaise with the resident regarding bee orchid locations, and Members to consider alternative locations for a future wildflower meadow.

Members agreed that quotations are required.

AGREED that Councillors Leytham and Crompton will obtain three quotations for replacement fencing.

wg25/78 – Christmas Lights

Members considered additional locations.

RESOLVED: Up to five additional sites, subject to agreement from relevant businesses on Common Lane and approvals from Staffordshire County Council and E.ON, together with any required testing. AGREED: Unanimously.

wg25/79 – Common Lane Verge and Green Spaces

Members discussed concerns regarding vehicles driving over a grass verge on Common Lane.

RESOLVED: That the Clerk will provide photographic evidence to County Councillor Richard Holland and seek advice regarding the extension of wooden bollards in accordance with County Council requirements. AGREED: Unanimously.

Members received an update on proposals to improve green open spaces.

RESOLVED: Acceptance of a quotation from JR Landscaping to remove existing vegetation. Councillor Beswick to lead on the project, supported by Councillor Leytham-Gain, who will explore potential sponsorship opportunities. AGREED: Unanimously.

wg25/80 – Community Grant Application

Members considered the application.

AGREED that further information is required and that the applicant be invited to attend the next Parish Council meeting.

25/126 – To consider whether the Council wishes to adopt Civic.ly, an asset management platform recommended alongside Scribe software for parish councils, and to determine

whether the system would provide sufficient benefit for managing and monitoring the Council's assets.– (5 mins)

This item was covered under the Working Group recommendations agenda item.

25/127 – To consider correspondence regarding the telephone kiosk, defibrillator and noticeboard currently situated on private land, and to resolve the arrangements for their relocation following a request from the new landowner for their removal.– (5 mins)

This item was covered under the Working Group recommendations agenda item.

25/128 – To consider a request from a member of Lichfield Litter Legends seeking the Council's support in addressing litter on the Fradley Industrial Estate, including the possibility of contacting local businesses regarding the issue, concerns about the large quantity of small wine bottles and alcohol cans and bottles discarded along roadside verges, and a request for additional litter bins in the laybys on the A38 between Hilliards Cross and Fradley North. – (5 mins)

This item was covered under the Working Group recommendations agenda item.

25/129 – To consider and, if appropriate, adopt the draft Data Audit.– (2 mins)

The Council considered the draft Data Audit.

RESOLVED: To adopt the Data Audit.

AGREED: Unanimously.

25/130 – To consider the updated Asset Register. – (2 mins)

The Council considered the updated Asset Register.

The Clerk advised that, during investigations into the telephone kiosk issue raised on a previous agenda item, it had been identified that the kiosk located at Streethay had been incorrectly included on the Parish Council's Asset Register following the abolition of Fradley and Streethay Parish Council. It was confirmed that this asset has now been removed from the register. The Clerk will notify the Council's insurers and both internal and external auditors as required.

Members noted that the revised Asset Register reflects the removal of the kiosk and the addition of new assets, including bat roost doors, a gazebo and outdoor adult gym equipment.

RESOLVED: To adopt the Asset Register.

AGREED: Unanimously.

25/131 – To consider and, if appropriate, adopt the 12 Risk Assessments – (5 mins)

The Council considered the 12 Risk Assessments.

RESOLVED: To adopt the 12 Risk Assessments.

AGREED: Unanimously.

Councillor Cross left the meeting.
